**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements specified in the Cotton Dust Standard protect workers from the adverse health effects that may result from their exposure to cotton dust. The major information collection requirements of the Cotton Dust Standard include: performing exposure monitoring, including initial, periodic, and additional monitoring; notifying each worker of their exposure monitoring results either in writing or by posting; implementing a written compliance program; and establishing a respiratory protection program in accord with OSHA's Respiratory Protection Standard (29 CFR 1910.134).

## **II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply. For example, by using automated or other technological information collection and transmission techniques.

### III. Proposed Actions

OSHA is requesting to decrease its current burden hours from 21,549 to 9,532 hours, a total decrease of 12,017 hours. The decrease was due to a decrease in the number of exposed employees from 11,786 to 4,957. In addition, there was a \$1,555,336 decrease in the overall cost of medical exams (from \$2,896,328 to \$1,340,992), as a result of a decrease in the number of medical exams.

*Type of Review:* Extension of a currently approved collection.

*Title:* Cotton Dust Standard (29 CFR 1910.1043).

*OMB Control Number:* 1218-0061.

*Affected Public:* Business or other for-profits.

*Number of Respondents:* 5,474.

*Frequency of Responses:* On occasion.

*Total Responses:* 25,712.

*Average Time per Response:* Various.

*Estimated Total Burden Hours:* 9, 532 hours.

*Estimated Cost  
(Operation and  
Maintenance):*           \$0.

#### **IV. Public Participation — Submission of Comments on this Notice and Internet Access to Comments and Submissions**

You may submit comments in response to this document as follows: (1) electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2011-0194). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled “**ADDRESSES**”). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all

submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website.

All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office for information about materials not available from the website and for assistance in using the Internet to locate docket submissions.
